Your memorandum of December 21st, 1949.

With reference to the air-ground and ground-air tests conducted on the special Communications equipment, our experts would be grateful for answers to the following questions:

Aircraft Equipment

1. What type of equipment was installed in the aircraft?
2. What was its power?
3. What type of antenna was used?
4. How long did it take to instal in the aircraft?
5. What frequencies were used?

Ground Equipment

1. What type of equipment was used on the ground?
2. What was its power?
3. What type of antenna was used?
4. Assuming dry batteries were used as power supply, how long did these last?
5. What frequencies were used?
